1st occurrence: Student may charge a full regular meal.

2nd occurrence: Student may charge a full regular meal.

3rd occurrence: Student may charge a full regular meal.

4th occurrence: Students will be provided the lowest cost reimbursable meal available when the student has a negative balance that has reached DISD's limit. The meal is offered to all students as a choice on all regular meal service lines.

The cafeteria managers send letters to the parents/guardians of the children. When phone calls and letters are deemed ineffective, the principal and/or counselor provide additional support to bring the account current. We encourage the parents/guardians of children who have negative balances to apply for free or reduced meals, and we provide a professional staff to guide them through the application process.
